

Job Title: Welder Assistant  
Location: Scottsdale Airpark  
Salary: DOE  
Part-time but can lead to full-time

Description:

Do you like working with metal?

Is welding your passion?

Would you like to learn custom metal fabrication?

Do you want to get in on the ground floor with a new company?

If you answered yes to these questions then we have the position for you! We are a new and growing custom metal fabrication company in the Scottsdale airpark area and we are looking for a Welder Assistant. This person would be responsible for assisting the foreman on the job site and around the shop with metal prep, project set up, measuring and drilling. You must be able to use a tape measure accurately, do basic math, and have a can-do attitude. You must be a team player and know how to take direction. This is the perfect opportunity for someone who is eager and willing to learn. This position has the potential to go full time. Salary is DOE.

Please email your resume to [LegacyIronWorksAZ@yahoo.com](mailto:LegacyIronWorksAZ@yahoo.com) along with a cover letter telling us why this is the perfect job for you! We look forward to hearing from you soon.
